Summer 1978

NEW SEASONAL CATALOG

With this issue of The Ski Hut catalog, we inaugurate a new seasonal catalog schedule. We felt that, in order to better serve our customer's needs, an expanded selection of merchandise suited to the annual changes in conditions was more appropriate than our earlier catalog. This fall we will send you our fall/winter catalog, with an increased selection of cold weather items.

MAIL ORDERS

ORDER FORM: Fill out the order form indicating the items, size, color and price. Add 6% sales tax to California deliveries. Add shipping and handling charges according to the chart on order form. Total your order and pay the full amount by check, money order, Master Charge, or VISA.

PHONE ORDERS: Call our mail order office (415-843-8170) between 9:00 AM and 5:00 PM (Pacific Time). Sorry, we cannot accept collect calls. Charge your order on Master Charge or VISA. A suggestion to avoid delays — fill out the order form so that you will have all the information handy.

GUARANTEE: The Ski Hut guarantees that every item we sell will meet your expectations. We believe firmly that our merchandise is the best quality available, and stand behind everything we sell. If, upon receipt of your order, for any reason you are dissatisfied, with your Ski Hut purchase, we will be happy to exchange it or return your purchase price.

ANTI-INFLATION POLICY: The hiking industry was particularly hard hit by the recent general rise in prices. The Ski Hut, in an effort to minimize the effect of these price increases, promises to keep all our catalog merchandise at the prices listed until September 15, 1978. That means you can depend on the cost of at least one part of your life remaining constant.

THE SKI HUT GIFT CERTIFICATE

A gift for any occasion. Simply fill in the name and address of the recipient and the amount you wish to give on the order form, then send us payment for that amount. You may also enclose your personal note of greeting and we will send it, together with our gift certificate and a copy of our latest catalog. If you prefer, we will send the gift certificate, along with our catalog, to you for your own presentation.

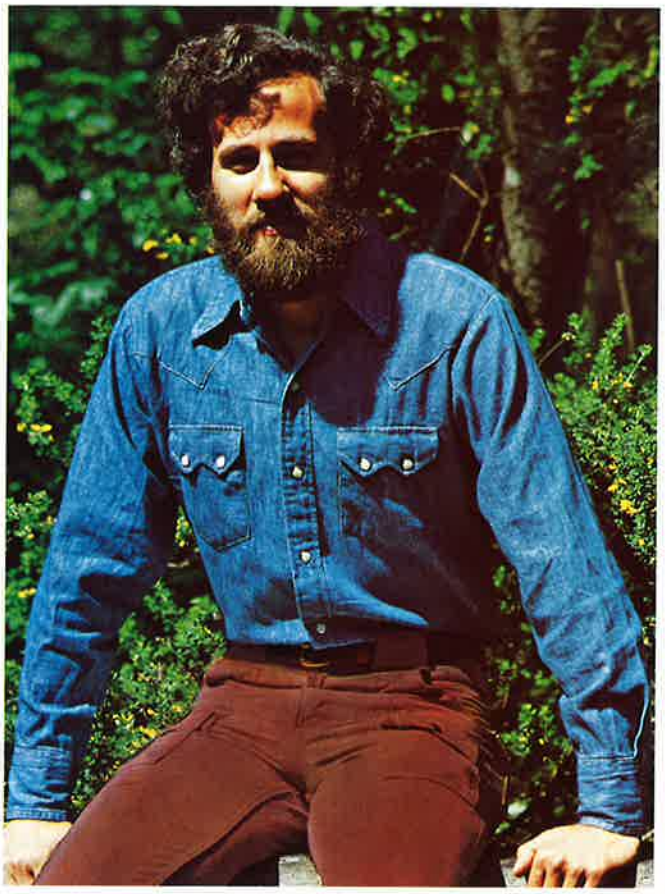
ALPACA PONCHO

Express an individual flair for style with this timeless example of South American folk art. These eye-catching ponchos, made of fine, soft, undyed virgin alpaca yarn, are hand-spun and knit in Bolivia. Each poncho is unique in pattern and color. Luxurious, amazingly warm, and easy to move in, they offer a beautiful and unusual alternative to coats and sweaters. One size. Natural colors — predominantly shades of warm brown or soft grey. $45.00

FAIRISLE SWEATER

A classic hand-loomed sweater of heather textured pure Shetland wool from Ireland. Distinctive cottage-crafted Fairisle pattern across chest, sleeves, and bottom. Subtle colors — dark grey pattern on light grey background or dark blue pattern on light blue background. Men's sizes: S, M, L, XL. Women's sizes: 34, 36, 38. $38.00



DENIM SHIRT

For those who appreciate the comfort and easy care of pre-washed, pre-faded, all-cotton denim. Genuine western styling — double yoke, with long tails and slim fitting tapered cut. Classic pearl snaps on the front placket, double pointed pocket flaps, and the cuffs. At home on the range, or just about anywhere. Color: faded blue. Men's sizes: 14½x32, 15½x33, 16½x34.

Price $15.00

PATAGONIA CANVAS SHIRT

From the same family as Chouinard's Stand-Up Shorts and Pants. Made of pre-shrunk cotton sail cloth. Comfortable, durable, and well-made. Strong lap-felled seams stitched with heavy weight thread; straight forward design features long sleeves, plain collar, & two button-down front pockets. Colors: blue or wheat. Men's sizes: S, M, L, XL. Price $18.75

NEW ZEALAND RUGBY JERSEY

Authentic New Zealand rugby shirts, famous for their tough wearing protection. Fully cut, made of absorbent, extra-heavy 100% cotton knit, with triple stitched seams. Practical for rough sports while still attractive for spectating. These jerseys feature colorful stripes with a contrasting white nylon-reinforced cotton collar, rib-knit cuffs & rubber buttons. Allow approximately 10% shrinkage if dried in hot drier. Colors: sky blue with narrow green and gold chest stripes, navy with rust and tan accent stripes or navy and sky blue alternating 4" stripes. Men's sizes: S, M, L, XL.

Woolrich®

A — STAG SHIRT

A heavy weight, heavy duty jacket/shirt for superior protection against rain, snow, wind and cold. The Stag features a double layer of fabric over the shoulders forming a partial cape in the back while creating the security of button-down pocket closures in the front. Two slash pockets for handwarming. The rugged twill fabric is a blend of 85% wool and 15% nylon. Neck band is lined. Colors: grey, red or blue twill. Sizes: XS, S, M, L, XL. Price $29.00

B — ALASKA SHIRT

A highly functional and stylish classic. Popular with backpackers, hikers, and campers — perfect for all outdoor wear. Made of a high quality, durable blend of 85% wool and 15% nylon that keeps you comfortable and warm even in damp or windy conditions. Versatile too — wear it tucked in like a shirt, or out as a jacket. Two convenient button-flap breast pockets and nylon lined neck band. Colors: gray, camel or blue. Men's sizes: S, M, L, XL. Women's sizes: 10, 12, 14, 16. Price $22.50

C — BUFFALO SHIRT

A sporty alternative to sweaters, this practical and attractive medium weight shirt is an excellent choice for town or mountain use. The fabric is a soft-finished blend of 85% wool/15% nylon for warmth and long-wear. Long tails, two button flap pockets and lined neck band. Colors: rust/brown/tan plaid or blue/green/tan plaid. Men's sizes: S, M, L, XL. Women's sizes: 10, 12, 14, 16. Price $21.00

D — FLANNEL SHIRT

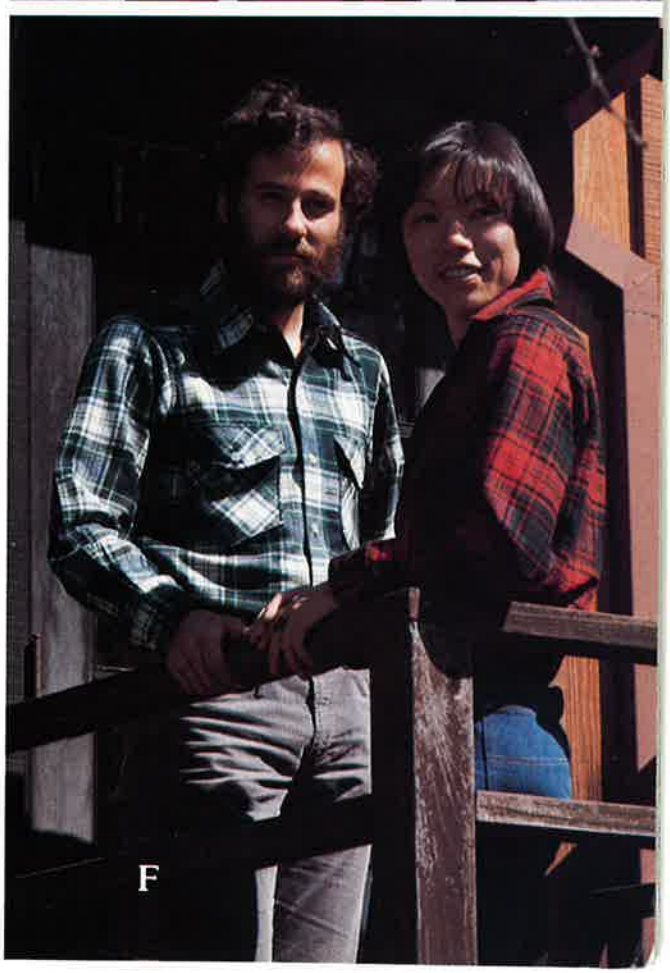
An "old reliable" for generations. Great for everyday style and comfort. Made of fine-woven, highly absorbent cotton flannel that looks good and feels better. Gets softer with every washing. Sports shirt styling with long tails, two button down breast pockets, sewn in collar stays. Clear bold plaids. Colors: blue tartan, red tartan or brown tartan. Men's sizes: S, M, L, XL. Women's sizes: 8, 10, 12, 14. Price $16.00

E — CORDUROY SHIRT

This good-looking shirt is always in style. Its light-weight warmth makes it just right for year-round wear. The fabric, a fine combed blend of 82% cotton/18% polyester, is long lasting and machine washable with minimal shrinkage. Top quality tailoring for a handsome fit, two button-flapped bellows-pockets, attractive plaid flannel neck lining, sewn in collar stays and long sleeves & tails. Colors: slate blue or tan. Men's sizes: S, M, L, XL. Women's sizes: 8, 10, 12, 14. Price $20.00

F — DRESS SHIRT

The traditional "good plaid shirt" — always a favorite. Made of 85% wool reinforced for long wear with 15% nylon. Ideal for mild weather warmth and cold weather layering. This light-weight shirt is well-tailored for a handsome and comfortable fit. Button flap breast pockets, extra long tails stay neatly tucked in and nylon lined neck band. Colors: navy/green plaid or red/green plaid. Men's sizes: S, M, L, XL. Women's sizes: 8, 10, 12, 14. Price $28.00



WOOLRICH CHAMOIS SHIRT

You can't beat these shirts for durability, comfort, warmth, and all-round practicality. Made of extra thick 100% cotton chamois cloth, with a sheared nap inside and out. Repeated washings produce a texture as soft as genuine chamois leather. Machine washable and dryable. Amply cut; styled with two large button-down breast pockets; long sleeves & long tails. Choose from a complete selection of colors: camel, chocolate brown, forest green, off-white, light blue, red, navy blue, light green or rust. Men's sizes: S, M, L, XL. Women's sizes: 10, 12, 14, 16. Price $17.50

PETER STORM CAP

Traditional Greek style cap made of 100% wool. The dark navy cap is trimmed with black braid. Even landlubbers attain a salty character when wearing this cap. Sizes: S,M, L, XL. Price $12.00

PETER STORM SWEATER

A popular sweater with sailors and kayakers, this heavyweight 100% wool import from Great Britain is also well suited for dry-land sports wear. Lanolin in the wool makes this sweater naturally water repellent. Colors: bone, navy, or salt & pepper. Men's sizes: S, M, L, XL. Price $42.00

SAILOR SHIRTS

The authentic styling of this functional and attractive ribknit is patterned on shirts worn by French sailors. Made of 100% long staple Egyptian cotton, noted for its strength and resilience. Boat-neck or turtleneck. Colors: white with navy, or navy with red. Machine washable and sized to allow for shrinkage. Sizes: XS, S, M, L, XL. Price $20.00

ICELANDIC SWEATERS

Timeless, classic styling in luxuriously soft and warm pullovers and cardigans using only the natural color variations of Icelandic wool. Handknit on circular needles, they are completely seamless, surprisingly lightweight and exceptionally warm. Each is unique in pattern and tone. State preference for predominantly light or dark colors. Men's sizes: S, M, L, XL. Women's sizes: S, M, L. **PULLOVER** Price $57.00. **CARDIGAN** Price $60.00.

ICELANDIC WOOL

The excellence of our select Icelandic products begins with the extraordinary Icelandic wool. Because of the extreme Arctic climate, this hardy breed of sheep evolved a long and glossy coat. Through the centuries, the length of the fleece's underhair became longer and denser. Now this thick, silken fiber constitutes the largest part of the fleece. This results in a yarn that is loftier and more resilient than ordinary wool. This Icelandic homespun yarn, cleaned and processed in its undyed, natural colors, produces an incredibly warm yet surprisingly light garment. The five natural color variations of Icelandic wool are: white, malt, black, grey and brown.

ICELANDIC HOODED PULLOVER

A subtly elegant pullover knit from pure Icelandic wool, unsurpassed for its lightweight warmth and naturally beautiful colors. Simple design is classically functional. Large hood frames face softly or falls easily to the back. Slightly A-shaped sleeves and body feature bands of brown, malt and white on a light grey background. Handwarmer pockets are hidden in the front panel. Women's sizes: S, M, L. Price $69.00

MEDICO COTTON TURTLENECK

Perhaps one of the few turtlenecks worth asking for by name. The Medico jersey is made in W. Germany of the finest long-staple cotton. A versatile shirt for skiing, hiking, or any time the comfortable feel of pure cotton is desirable. Elasticized collar and cuffs; allow for shrinkage if dried hot. Colors: navy, white, forest green, light grey, powder blue, tan. Men's sizes: S, M, L, XL. Women's sizes: S, M, L.
Price $16.50

SPORTIF CORD BIB SHORTS

For a "super look" and a great fit. Made from pre-shrunk 100% cotton corduroy. Adjustable shoulder straps. Colors: tan or steel blue. Women's sizes: 8, 10, 12, 14 Price $17.00

PENDLETON ZIP NECK

This handsomely tailored knit shirt is made of hand-selected virgin wool. The closely woven, soft jersey fabric makes this an ideal choice for sports or casual wear. Generously cut for freedom of action; 10" zipper closure at the neck & two button flap breast pockets. Colors: navy or camel. Men's sizes: S, M, L, XL. Price $33.00

GLASER BELT A handsome belt to complement any pants, shorts or skirt.
The oiled, saddle-soaped bridle leather will withstand long, hard wear. Solid brass buckle is simple, attractive and functional.
Color: cordovan. sizes 26"-36" 1" WIDE BELT Price $14.00 1¼" WIDE BELT Price $15.00

STRETCH BELT A sporty look in a comfortable stretch belt for casual wear. Leather trimmed, with brass buckles. Rust with navy and gold stripes. 1½" wide, sizes 30"-38". Price $8.50

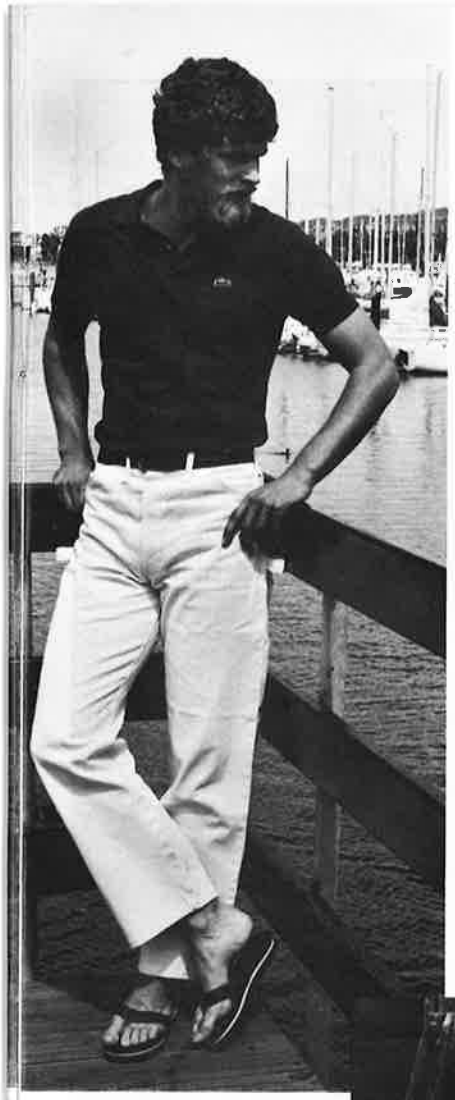
T-SHIRTS

If plain old T-shirts make up most of your wardrobe, you might add these to your collection. They are 100% cotton, and short-sleeved. Sizes: S, M, L, XL.

#1 Ski Hut logo on shirt front with Edward Whymper's climber in a jamcrack silk screened on the back. Tan shirt with dark green ink. Price $6.25

#2 A red-tailed hawk silk-screened on the front of a tan shirt. Design color is rust and black. Price $6.25

#3 An otter in sepia ink silkscreened on the front of a tan T-shirt. Price $6.25



CHEMISE LACOSTE

The shirt that made the alligator famous. Rene LaCoste's original styling with short banded sleeves and longtails. 100% cotton, unbeatable for cool comfort, long wear, and easy care. Colors: white, navy, burgundy, green or brown. Men's sizes: XS, S, M, L, XL. Price $18.00

PAINTER PANTS

No longer limited to painters — an outstanding value for a great pair of pants. Perfect for hiking, climbing, or just "hanging around." Made from high count 100% cotton drill fabric. Six pockets, including watch and ruler pockets and two hammer loops. Sanforized for minimal shrinkage. Color: natural white. Even waist sizes: 26-36, lengths 30", 32" or 34". Price $9.50

MINITIME ALARM CLOCK

Perfect for people on the go. This compact clock tucks conveniently into your suitcase or pack. An attractive compact cube, measuring 1⅝" x 2" x 2½", and operating one year on a single AA battery (not included). 6 transistors, 4 jewels, luminous dial, sweep second hand, fast/slow adjustment and travel case. Color: black. Weight 4 oz. Price $25.00

"AA" Alkaline Battery ..... $ .85

RUN SHIRT

A fun and practical "T" shirt — whether you're moving or standing still. Made of brightly colored cotton, with "run" silk-screened on the chest. Sizes: S, M, L, XL. Assorted colors — name your favorites. Price $6.25

SPORTS CAP A white cotton twill workman's cap with a snap visor. Sizes: S, M, L, XL. Price $2.75

WALLACE BEERY SHIRT Natural grey thermal undershirt by Duofold, features the two- button placket front neck opening worn by rugged folk for years. Inner fabric is 100% soft cotton. Outer layer is a blend of 40% wool, 50% cotton, 10% nylon. Men's sizes: S, M, L, XL. Price $12.00

LOGAN by Trailwise

Our most popular down jacket, and rightly so. The Trailwise Logan represents 25 years of experience designing functional garments. In this time of down jacket look-alikes, when it is hard to tell one jacket from another, numerous features and the attention to small details puts the Logan ahead of the others. Trailwise uses set-in sleeves for an accurate fit, minimizing the bulky looks associated with other down jackets. There are no seams on top of the shoulders, avoiding a possible cold spot. The Velcro closure on the collar prevents wind leakage into the sensitive throat area, without the potential discomfort of a cold metal snap. Concealed knit cuffs seal in your body warmth. Each Logan is assembled by a single experienced seamstress, guaranteeing consistent quality. The outer shell of the parka is of Super-nyl taffeta, a fabric more windproof, downproof, and water-repellent than rip-stop. The tight weave of the taffeta, 252 threads per square inch, compared to 212 threads per square inch for rip-stop is actually more tear resistant than rip-stop. The 600 fill-power down is distributed throughout with more down in the critical upper body areas. The cargo/handwarmer pockets and the draft flap over the zipper are down-insulated. Snag free coil zipper with inner draft flap and drawcord at waist. Stuffsack included. Av. wt. 27 oz. **MEN'S:** S, M, L, XL. Colors: blue, maroon or copper, tan liner. Price $92.50. **WOMEN'S:** S, M, L. Colors: blue or copper, tan liner. Price $89.50.

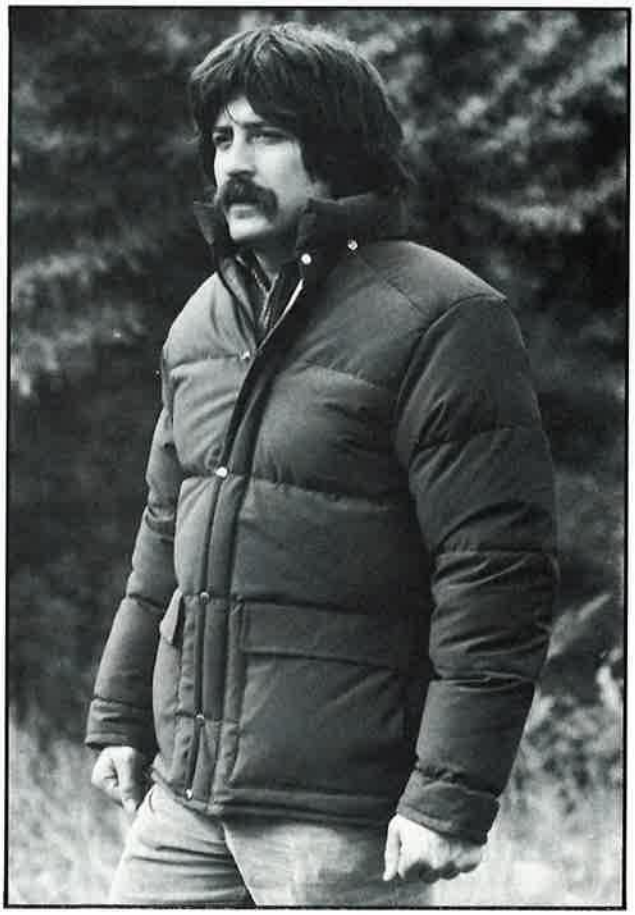
The down-filled hood snaps to the collar of all Logan Jackets. A drawstring allows the hood to be pulled snugly around your face. Medium fits XS, S & M Logans; Large fits L and XL Logans. Specify Men's or Women's, color & fabric to match your Logan.

LOGAN HOOD	Av. wt. 2½ oz.	Price $17.00
65/35 HOOD	Av. wt. 3 oz.	Price $18.50

65/35 LOGAN

Offering an alternative fabric for the versatile Logan. The outer shell is made from 65/35 fabric (an intimate blend of polyester and cotton, each thread being a blend of both yarns). 60/40 fabric, used by most manufacturers, has separate threads, the warp (vertical) is cotton, the fill (horizontal) is nylon. The adhesion of like fibers renders 65/35 garments much more water repellent, wind proof, and down proof with high abrasion resistance. 65/35 cloth has negligible shrinkage (60/40 shrinks more vertically). Stuff sack included. Av. wt. 25 oz. Sizes: S, M, L, XL. Colors: light navy, forest green or rust, with tan liner.

Price $96.00



TRAILWISE GRIFFON

PolarGuard® insulation makes this parka a "natural" for damp weather. With down prices going up, the Griffon is a warm and less costly alternative to a down jacket. Two-way zipper, cargo and handwarmer pockets, inner elastic cuffs. Nylon shell. Av. wt. 30 oz.

MEN'S: S, M, L. Colors: copper, blue or green, tan liner. Price $62.50

WOMEN'S: S, M, L. Colors: blue or copper, tan liner. Price $62.50

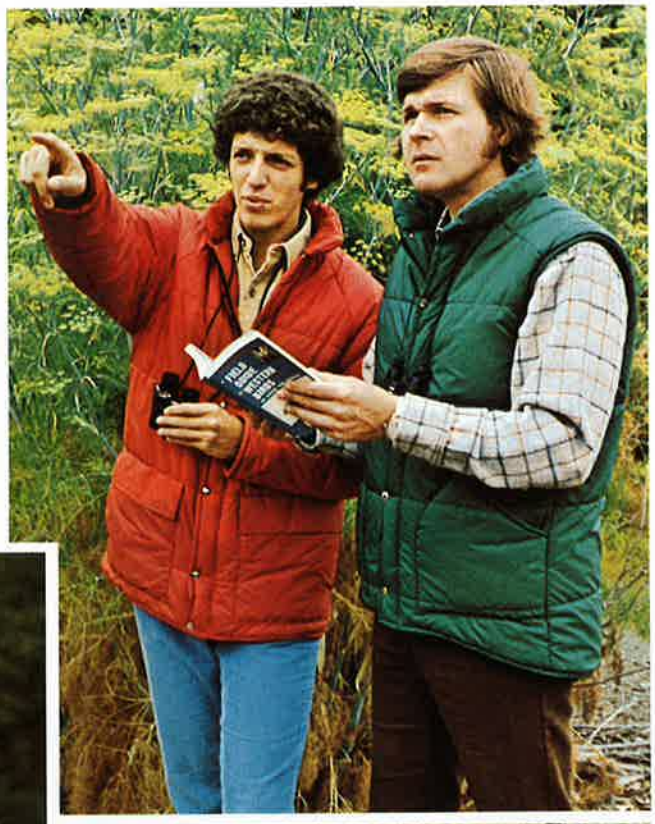
GRIFFON HOOD Sizes: M or L. Specify color to match. Av. wt. 3 oz. Price $13.00

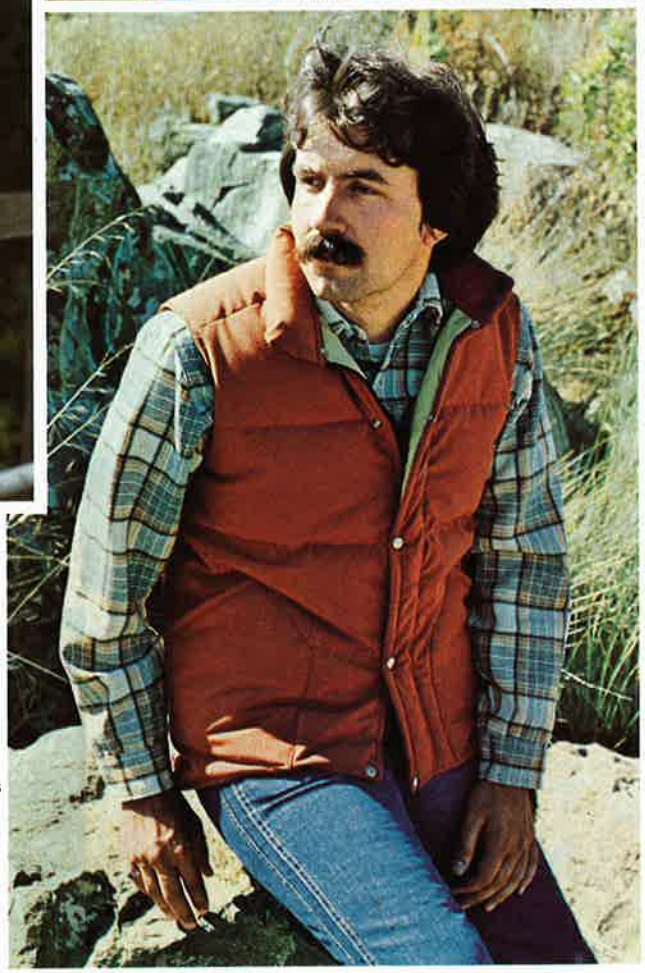
TRAILWISE ARMADILLO

PolarGuard® insulation in a vest. Cut long in back with handwarmer pockets, high collar and two-way zipper. Av. wt. 17 oz.

MEN'S: S, M, L. Color: green, copper or blue, tan liner. Price $36.00

WOMEN'S: S, M, L. Color: copper or blue, tan liner. Price $36.00





TRAILWISE ARCTIC VESTS

A down vest can be the most versatile piece of clothing you own. It is as warm as two wool sweaters, yet fits into the smallest stuff-sack. Vests have high, Velcro closed collars, and double slider zippers protected by a down filled draft flap with snaps. The pockets are down insulated — true handwarmers worthy of the name. Av. wt. 13 oz.

MEN'S ARCTIC (not shown). Outer and inner fabric is nylon taffeta. Sizes: S, M, L. Colors: royal blue, copper or green, with tan liner. Price $54.00

ARCTIC LADY (center photo). Designed to fit a women's figure. Sizes: S, M, L. Colors: copper or royal; Iridescent Colors: ruby or zircon blue, all with tan liners. Price $52.00

MEN'S 65/35 ARCTIC (right photo). Outer fabric is durable and water repellent polyester/cotton blend material. Sizes: S, M, L. Color: rust, green or light navy, with tan liner. Price $56.50

WOOLRICH MOUNTAIN PARKAS

A great dollar value in a double-shell mountain parka. The outer shell fabric of 60% cotton and 40% nylon is windproof and water repellent. Cut large enough to wear over a down parka for extreme conditions. It is also ideal for milder conditions and around town use. The features of this parka include many found on more expensive parkas: double-stitched seams, large rear zip pocket, 6 front pockets — including handwarmers, Velcro wrist closures and waist draw string. Available in two models: lightweight nylon taffeta lining for general use or wool plaid lining for added warmth. Sizes: XS, S, M, L, XL. Colors: navy, tan or slate blue outer shells.

NYLON LINING	Av. wt. 24 oz.	Price $50.00
WOOL LINING	Av. wt. 30 oz.	Price $65.00

TRAILWISE MOUNTAIN PARKAS

The double-shell mountain parka is a mainstay in any outdoor person's wardrobe. The Trailwise Mountain Parka, like all Trailwise products, is outstanding because of attention to important details. The fabric, in both the lining and the shell, is the same sturdy 65/35 polyester/cotton blend used in the 65/35 Logan. There are no shoulder seams, normally an area of leakage and all seams are strong flat-felled construction. The women's parka is designed to fit a woman's figure properly, and is not a scaled-down man's parka. Full-length two way zipper protected by inner & outer storm flaps, Velcro closures at cuffs, waist drawcord and six pockets — four bellows cargo pockets with Velcro closure, and two handwarmer pockets (women's parka does not have two upper cargo pockets). Tan color lining extends into hood. Color: rust, forest green or light navy.

MEN'S: S, M, L, XL.	Av. wt. 32 oz.	Price $72.50
WOMEN'S: S, M, L.	Av. wt. 28 oz.	Price $69.50

CHOUINARD STAND-UP PANTS & SHORTS

Originally designed for technical climbing, these rugged, well-made pants and shorts are also popular with hikers, and those who need tough clothing for general wear. The legs are cut wide for easy movement. The front of the pants is doubled from the waist to below the knee for added abrasion resistence. A double seat forms two capacious back pockets closed securely by large velcro strips. There are also two front pockets. Sewn with heavy dacron thread, both garments have all their stress points bar-tacked and double stitched. Shorts are made of pre-shrunk 12 oz. cotton canvas; pants are made of a cotton/polyester blend for added toughness. Color: straw. Men's even waist sizes 28-36.

PANTS: (Unhemmed) Price $24.50

SHORTS: Price $18.00

FILSON DUCK PANTS

Pivetta

In 1951 George Rudolf, The Ski Hut founder, went to Europe to find a manufacturer of superior mountaineering boots. His search led him to Montebelluna, the center of quality bootmaking in Italy, and the home of Pivetta. Impressed with Pivetta and their 150 year tradition of quality hand craftsmanship, Rudolf immediately began work with them developing a line of hiking boots suited to American needs.

All Pivetta boots share certain quality features, a policy Rudolf set in 1951 to guarantee that every Pivetta boot is the best possible boot for its particular application. Compare these features with other boots, which often try to copy Pivetta quality: Finest chrome tanned leather used throughout; Ample padding for comfort and minimal breaking-in; Padded tongue pre-formed to shape of foot; Snug heel fit to support the ankle; Roomy at toe and ball to eliminate chafing and toe jamming; Strong heel counters and toe cap hand formed to each boot, assuring perfect sizing and snug fit; Soles are double stitched inside the boot for strength and durability; No exposed sole stitching to wear through or leak; Easy resoling; Yellow label Vibram soles; Spring steel shanks.

MUIR TRAIL

The finest all-round trail boot available. Lightweight, yet strong and durable enough for extended hikes. The closely trimmed sole and narrow profile allows the Muir Trail to work well for hiking and for rock scrambling. The one-piece upper is abrasion resistant grey suede leather. The boot comes with a spring steel shank and a Vibram Roccia bloc sole for long wear and full protection of your foot while walking on rough or uneven terrain. Height: 6½", Weight 3 lbs. 8 oz. (size 9). Sizes: 5 to 12 XN, 5 to 13 N, M, & W. Price: $54.50

PIVETTA 8

A tough, rugged boot for heavy packing and off-trail hiking. The brown one-piece full-grain leather is sewn with the more abrasion resistant rough side out. The extra-strong heel counter, toe caps, and thick mid-sole provide exceptional durability and comfort. An extra deep lug Vibram Montagna bloc sole and a spring steel shank combine to give the sole of your foot the protection and stiffness it needs to carry heavy loads comfortably. Height: 7". Weight 4 lbs. 10 oz. (size 9). Sizes: 5 to 12 N & M, 5 to 13 W. Price $78.00

PIVETTA 5

The backpacker's boot. This medium weight trail boot offers the long lasting comfort and support needed to carry a load on your back all day. Constructed of top-grain smooth brown leather, hand-lasted with extra strong heel counters and toe caps. The thick leather mid-sole protects your feet from rock bruise and fatigue. A spring-steel shank and the Vibram Roccia bloc sole protect your feet and supply excellent traction. Height: 7". Weight 4 lbs. 6 oz. (size 9). Sizes: 5 to 12 XN, 5 to 12 N & M, 6 to 12 W. Price $75.00

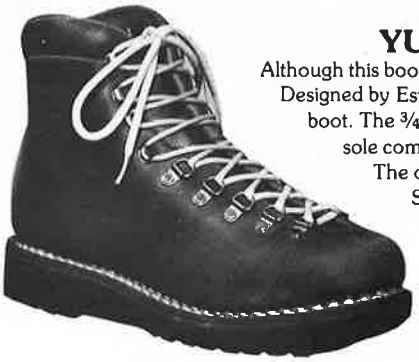
EIGER

A super backpacking boot for long treks, heavy loads, and occasional mountaineering. The favorite boot of hiking author Colin Fletcher. The fine full-grain, combination tanned black leather upper proved its durability in the Andes, Himalayas, Alaska, and Africa. Extra deep Vibram Montagna bloc soles and a double leather mid-sole proved a superb combination of comfort and longevity. A spring steel shank guarantees that the sole will support your foot properly for mile after mile of happy hiking. There are finger loops on the back to aid in pulling the boot on. Height 7½". Weight 4 lbs. 10 oz. (size 9). Sizes: 5 to 12 N & M, 5 to 13 W. Price $85.00

MONTERA TRAIL BOOT

The Montera trail boot is designed with beginning backpackers, day hikers, and growing youngsters in mind. It combines quality materials and features at an affordable price. The brown, chrome tanned, split-leather upper, combined with a steel shank, supplies the toughness needed for outdoor walking. The Montera's Vibram sole is double-stitched to the upper, and is resoleable. Strong thermoplastic toe caps & heel-counters. Height 6½".
Weight: 3 lbs. 5 oz. (size 9). Sizes: 6 to 9 N, 7 to 11 M.
Price $35.00

YUKON BOOT



Although this boot is new on the market, it comes with impeccable recommendations. Designed by Estes Park boot wizard Steve Komito, it is a heavy hiking/mountaineering boot. The ¾ length steel shank, double leather mid-sole, and Vibram Montagna sole combine to offer a boot suitable for use with flexible crampons.
The one piece tan upper is constructed of oil impregnated Galluser leather. Speed lace, Norwegian welt. Height: 7½".
Weight: 4 lbs. 12 oz. (size 9). Sizes: 8 to 12.
Men's medium. Price: $80.00

SOFT SPIDER

A good looking sport and casual shoe with a true moccasin construction for the upper. The soft, comfortable wedge crepe sole gives you a cloud-soft stride. A full-grain wax finish upper molds around your foot. Av. wt. 2 lbs.

MEN'S full & half sizes: 7-12 Med. Price $32.50

QUODDY MOC

These moccasins are old time favorites for camping, fishing, canoeing, and loafing. True moccasin construction; hand sewn and lasted from oil tanned cowhide. Single piece vamp conforms to wearer's foot, and gives comfortable support. The double sole provides extra protection and longer wear.
Color: dark cherry red. Weight 20 oz.
Men's sizes: 8-12 (full sizes only).
Price $23.50

QUODDY HIKER

An excellent shoe for everyday walks and hikes. Handsewn uppers of oil tanned cowhide are combined with long wearing Vibram lug soles in this lightweight walking shoe. Color: dark brown. Resolable. Wt. 24 oz. (size 9).
Men's sizes: 8-12 (half sizes also). Price $27.50

HOW TO ORDER BOOTS

Please follow these directions carefully. The information requested below is essential if we are to fit your boots properly.
1) Put on the socks you intend to wear with the boots. We suggest one thin liner sock with a thicker wool sock over that. Wool will keep your feet drier when walking, and retains its insulation properties even if wet.
2) Stand on a large piece of paper, with your body weight distributed equally on both feet. While standing erect, have someone else draw *one* clear line defining the perimeter of each foot. It is important that the pencil be held at a constant 90° angle, and not tilted either inward or away from the foot.
3) State your usual dress shoe size. Give both length and width if possible. Example 9-C.
4) Write your name, address, and shoe size on the paper with your foot outline, as well as on the order form.

GUARANTEE:

We guarantee a proper fit. Instruction for trial use of your boots are sent with them. Please observe these directions carefully, as boots worn outdoors are not acceptable for exchange or refund. If the fit is incorrect, send the boots back to us with the coupon provided on the instruction sheet. A new pair of boots is then sent back to you postpaid.

GORE-TEX®

Gore-Tex® is every hiker's dream come true. It combines the breathability and wind resistance of nylon with the waterproof practicality of foul-weather sailing gear. This fabric is the result of W. L. Gore's discovery that a microporous polymeric film, laminated between two layers of nylon, was both waterproof and breathable. Each square inch of Gore-Tex® contains 9 billion pores, each large enough to allow water vapor to pass through, but too small for the passage of water molecules.

Although garments made of Gore-Tex® are marvelous rain wear, that is too limited a range for this fabric. We recommend Gore-Tex® for all seasons. Excellent wind resistance makes it an ideal fabric for outer garments even when it isn't raining. In the winter a Gore-Tex® outer layer keeps down clothing dry without the annoyance of condensation. Gore-Tex® is a field proven fabric, able to withstand the rough usage it encounters during winter hikes, ice climbs, or boating in cold waters. Maintain the efficiency of your Gore-Tex® garment by machine washing with mild soap.

STORM KING ANORAK

The ultimate outer layer. Waterproof, with a single seam free layer of fabric in the front, where the brunt of the rain hits. The early anoraks were prone to condensation, but Gore-Tex® alleviates this problem, without sacrificing weather resistance. Additional ventilation is available from the zippered neck opening, protected by a wide snap flap, with an interior flap for your chin. A large tunnel pocket in the front protects your hands from rain and cold, with room left over for storage. A drawstring secures the bottom from drafts. Color: blue. Sizes: S, M, L. Av. Wt. 13 oz. Price $67.00

STORM KING PARKA

An ideal Gore-Tex® garment for the changeable conditions found in the mountains as well as for everyday use. Waist and hem drawcords to seal out the wind. Large inside pocket for miscellaneous items. The nylon zipper in front has sliders top and bottom, covered by a rain flap with snap closure. Generously sized to fit over down clothing, with a modified raglan sleeve to permit free arm movement. Color: blue. Sizes: S, M, L. Av. Wt. 18 oz. Price $72.50

STORM KING PANTS

An ideal match for Storm King upper garments, these Gore-Tex® pants provide complete protection for the lower half of the body. A drawcord at the waist keeps out drafts, while a 16-inch zipper at the cuff allows the pants to be put on over boots. The zipper has an outside rain-flap and a full inside gusset. Front pocket openings are zippered and covered to keep out wind and rain. Color: blue. Sizes: S, M, L. Av. wt. 14 oz. Price $50.00

STORM KING CAGOULE

Offering the most coverage of all Storm King garments, the cagoule is ideal for climbers and hikers in rainy climates. Although this garment extends its protection well below the knees, the bell-cut bottom allows an unrestricted walking motion. The cagoule is large enough to completely cover the wearer when sitting or kneeling, thus functioning as an emergency bivouac shelter. A bottom drawcord with a lock tightens to seal out the cold. Snaps permit the lower half to be tucked up out of the way, converting the cagoule to an anorak for less severe conditions or during strenuous activity. Color: blue. Men's sizes: S, M, L. Av. wt. 21 oz. Price $82.50

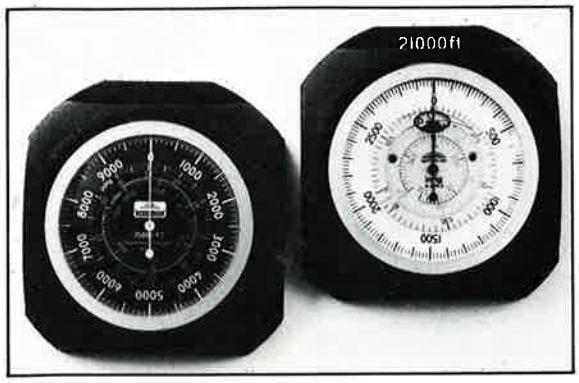
THOMMENS ALTIMETERS

Traditional Swiss accuracy costs a little more, but it's worth it when you consider the dependability and sturdiness of these instruments. Thommens Altimeters accompany more expeditions and scientific studies than any other brand of altimeter. They compensate for temperature changes and have a barometric scale with a range of 22.5″ to 31″ of mercury. Both are 2⅞″ x 2¼″ x ⅞″. Can be mounted on solid surfaces with included base. Lanyard and instruction booklet. Wt. 4 oz.

THOMMENS 1000 (Up to 15,000 ft.) Price $75.00
THOMMENS 2000 (Up to 21,000 ft.) Price $127.50



KERSHAW KNIVES

Kershaw blades combine a tradition of quality that extends back to the Samurai sword makers with an ease of sharpening previously not available with stainless blades. ALADDIN LAMPS

Exclusive mantle/burner makes Aladdin the most efficient kerosene burning lamp ever designed. Burning a blend of 94% air and 6% kerosene, these lamps emit a steady white light adjustable in intensity from candle-glow to the equivalent of 100 watts of electric light. Fuel consumption is 50 hours per gallon of kerosene. Aladdin lamps are smokeless, odorless and silent.

LOW-BOY

The Low-Boy is an inexpensive, dependable, all-purpose table lamp for camp or home. Simple aluminum fount without separate base keeps weight low for stability. Comes complete with mantle, wick, and wick cleaner. Wt. 1 lb. 5 oz.
Price $26.50

COLONIAL

An authentic reproduction of the original Aladdin lamp, the Colonial is fashionably functional. Distinctive hand-blown amber glass base. Burlap shade provides soft light for setting the mood. Burns 12 hours on one quart of kerosene and puts out a light intensity equal to a 75 watt electric bulb. Wt. 5 lbs. Price $46.50

TURN OF THE CENTURY

Elegant charm and nostalgia combined in an efficient, reliable kerosene lamp recalling the fabulous "gas light" era. Bowl and burner are polished brass, complemented by Aladdin's white glass shade — an original design of hand-painted dogwood blossoms. Overall height 23½". Whether you use it as a distinctive "decorator touch" in accent lighting or as a primary source of light, the Aladdin lamp is always dependable.

SLEEPING BAGS

A warm sleeping bag is essential to any camper's comfort and is probably their most important single purchase. The backpacker requires a sleeping bag that is lightweight and compresses easily for packing. Often, when shopping for a sleeping bag, people ask for "the best bag in the house." There is no such thing, there is only the best bag for an individual's needs. As a general rule one should choose a bag for the coldest use expected and then select the highest quality you can afford.

TENAYA NYLON. Trailwise developed Tenaya nylon for use in down-filled sleeping bags. Beginning with a 50 denier thread, Tenaya is tightly woven with 160 x 140 threads per inch. This high-density cloth after a special finishing process, is down-proof and water-resistant. Tenaya has a smooth silken texture and an outstanding weight/strength ratio.

DOWN. A sleeping bag does not produce warmth — it acts as an insulator to conserve body heat. Ounce for ounce down provides more insulation than any other material. Down varies greatly in quality and even the best down comes in two grades. Bag-grade down used by most manufacturers contains from 12% to 20% feathers. Garment-grade down used by Trailwise contains 10% feathers or less. This down has a minimum filling capacity of 600 cubic inches per ounce compared to the industry standard of 550.

POLARGUARD® is a man-made insulating material — developed by the Celanese Corp. It absorbs less than 1/10 of 1% of its own weight in water and retains its effective insulation value even when wet. The fibers dry quickly without matting. Because Polarguard® is a continuous fiber it does not shift and develop cold spots associated with other synthetics. The continuous filaments are actually strengthened by the quilting seams sewn into a bag.

SHAPE. All Trailwise bags are a mummy, or modified mummy design. This design significantly increases the insulating efficiency of the bag and keeps weight to a minimum. The hood and shoulder areas of Trailwise sleeping bags are contoured so that they will pull shut to form a smooth and effective hood.

BAFFLES. To achieve maximum loft and prevent cold spots, Trailwise sleeping bags are differentially cut (i.e. the inner shell is a smaller diameter than the outer shell). Baffles are cut from strong nylon netting and sewn between the two differential shells thus preventing the down from shifting and bunching. Trailwise uses a slanted baffle offset a half-tube width for maximum loft. The baffles are separately sewn off to make each down tube a closed unit, completely eliminating down-shift between the tubes.

ZIPPERS. All Trailwise bags come with a heavy nylon coil zipper which opens from either the head or the foot for optimum temperature control. Any right and left bag, even though they are different styles or lengths, may be zipped together to form a double bag. Trailwise uses an insulated draft flap behind the zippers to eliminate any drafts.

QUALITY. All Trailwise bags are constructed by seamstresses who are personally responsible for that bag. Individuals take pride in their work at Trailwise and this results in a quality control impossible with assembly-line, piece-work construction.

SLIMLINE

The Slimline, our most popular bag, is designed for the mountaineer or backpacker who must keep weight and bulk to a minimum without sacrificing warmth. The snug, form-fitting Slimline shell minimizes heat loss, resulting in a more efficient, warmer bag. A 7½" differential cut allows maximum lofting of the "600" goose down, while slanting Chevron baffles sewn at 5" intervals stabilize the down. Each tube is individually sewn off to positively eliminate down shift between tubes. The Slimline is a versatile bag for use under all but the most extreme conditions. The shell is made of the finest water-repellent Tenaya nylon. A nylon coil double slider zipper is available on either right or left side so that the Slimline may be ordered in matching pairs that zip together. The double slider arrangement also allows the bag to be opened from head and foot for maximum ventilation and temperature control. Self-forming draw cord hood. Colors are blue or green. Supplied with stuffsack.
SLIMLINE 1 (will fit persons up to 5'8") 22 oz. filled Wt. 44 oz. Price $200.00 **SLIMLINE 3** (will fit persons up to 6') 24 oz. fill. Wt. 47 oz. Price $210.00 **SLIMLINE 5** (will fit persons up to 6'5") 28 oz. fill. Wt. 49 oz. Price $220.00.

Slimline bags are available with a 6 oz. overfill for $25.00 extra. Specify "overfill" when ordering and allow 3-4 weeks for delivery.

MANATEE

An all-around 3 season bag with Tenaya nylon shell and Polarguard® fill. Polarguard® developed by Celanese, retains its insulating qualities through repeated soakings and abuse. It absorbs only 1/10 of 1% of its weight in water so that, even if the Manatee gets wet, it is quickly and easily dried in the sun. Being a synthetic fiber, Polarguard® is the logical choice of those who get sneezy around down. Modified mummy styling. Lateral baffling. Drawcord hood. Two-way separating nylon zipper on right or left side allowing bags to be zippered together. Color: blue or green.

MANATEE 2 (will fit persons up to 5′ 10″). Approximate fill wt. 52 oz. Wt. 60 oz. Price $72.00
MANATEE 4 (will fit persons up to 6′ 2″). Approximate fill wt. 56 oz. Wt. 64 oz. Price $77.00

MINATAUR

The top of the line in Trailwise Polarguard® bags. This is a true four-season bag with a temperature rating of 0°. The top is constructed of four layers of Polarguard® . Only the two shell layers are quilted 5.3 oz. Polarguard® leaving the thick inner layers of 8 oz. Polarguard® to reach maximum loft with no cold spots. The same superior construction is continued on the bottom three layers of 5.3 oz. Polarguard® In the foot area an 8 oz. layer is sandwiched between two 5.3 oz. layers of Polarguard® Although this complicated layering of the Polarguard® takes a little longer, Trailwise feels that it adds warmth while still holding weight to a minimum, yielding an extremely efficient insulating system. The bag has an outstanding ratio of warmth to weight for a synthetic fill. Double slider zipper. Right and left Minataur's or any Trailwise bag, will zip together to form a double bag. Available in blue or green Tenaya nylon. Comes with stuffsack.

MINATAUR 2 (will fit persons up to 5′10″) Approximate fill weight 64 oz. Wt. 4 lbs. 12 oz. Price $96.50

TRAILWISE PACK FRAME

Comfort, durability and lightness have been the foremost considerations in designing the Trailwise frame. The frame is formed of thick walled, non-corrosive 6061 T6 aluminum alloy and every joint is heli-arc welded so that all components contribute to structural strength. The tapered, contoured frame shapes the load around the back and extends the effective carrying area of the back, both in width and height. A full mesh back panel distributes weight and provides maximum air circulation between pack and wearer. Ensolite padded cross straps gives excellent weight distribution and allow the load to be transferred to the hips. The wide 3½" full circle padded hip belt comfortably supports the weight when it is transferred from the shoulders. A nylon hauling strap is secured to the cross member. Rivnuts and eye bolts for mounting Trailwise pack bags are included. The eyebolts can also be used as lashing points. Sizes:
SMALL, Wt. 35 oz., **MEDIUM,** Wt. 37 oz. or **LARGE,** Wt. 40 oz.

Price $55.00

TRAILWISE BACKPACK #72

The pack that Colin Fletcher made famous in his book *The Complete Walker*. An undivided capacious sack measuring 17″ x 29″ 9½″ *(4783 cu. in.). Roomy enough to hold all your gear for extended outings. The zippered side pockets and rear pocket add 1150 cu. in. for a total capacity of 5933 cu. in. Access to the pockets is by storm-flap covered zippers. It is made of 420 denier heavy-duty waterproof nylon — stronger and more resistant to abrasion than the lighter weight nylons used by many other manufacturers. Aluminum "U" tube holds bag open for easy access. Leather tie-down patches and accessory straps are strategically located. Ice axe loop provided. Comes mounted on the Trailwise frame. Specify frame size. Colors: blue or brown. *(dimensions are for large bag, medium & small bag approximately 1″ smaller). Av. wt. 4 lbs. 3 oz. Price $105.00

TRAILWISE PACK BAG #72

74

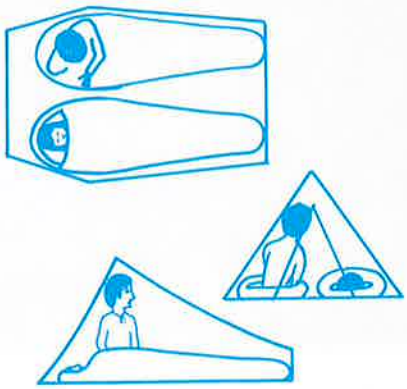
TRAILWISE BACKPACK #74

Our most versatile and popular pack bag. The ¾ length sack is divided into upper and lower compartments with zippered access to the lower section on three sides. The four side pockets have covered nylon zippers. The back pocket also closes with a nylon zipper and is mounted high up under the top flap for better weight distribution. Two nylon straps are permanently sewn into the bottom

HALF ASPEN

This tent will surprise you with its combination of light weight, low price, and substantial three-season security. The single "A"-frame pole set is canted to the rear, eliminating front guy lines. The canopy slopes from the front to the rear, where two 13″ fiberglass rods give rigid support to the back corners. The double zippered front entrance is backed with a netting door. Netted skylight in rear; coated nylon fly; Colors: blue or tan. Complete with rainfly, poles, pegs and stuffsack. Wt. 5 lbs. 6 oz.

Price $127.00



TRAILWISE WIND RIVER TENT

A simple, effective and easy-to-pitch fabric tube tent. Designed for backpacking in mild conditions. Urethane-coated, water-proof fabric used throughout. Two section aluminum poles fore and aft. Bartacked peg loops and pull-outs of 1″ webbing. A solid panel of mosquito netting is sewn over the smaller end opening, while a zippered net is used to close the entrance for complete protection from mosquitos and things that crawl in the night. Comes complete with poles and stuffsack. Colors: brick floor and pumpkin canopy or vice-versa. Wt. 3 lbs. 2 oz. Price $65.00

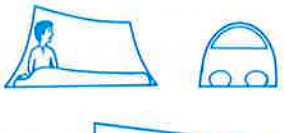
Extra poles (per pair) Wt. 9 oz. Price $10.00

MOSS EAVE TENTS

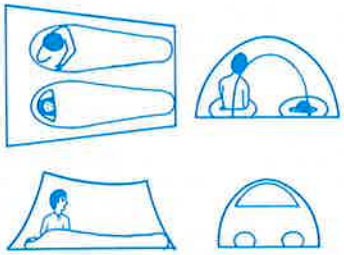
Bill Moss in his personally designed tents, expanded and improved the use of fiberglass wands to support tent structures. The concept, based on flexible tension, works much like the old parable of the willow and the oak. Moss tents, like the willow are flexible shapes that "spill" the wind and minimize drag. This is in comparison to a conventional tent design that will resist the wind until the force becomes so great the tent collapses rather than springing back to its original form.

These easy to pitch tents provide a tremendous amount of usable space for their relatively light weight. The covered-wagon canopy style gives you large amounts of head-room. The large doors and full-width windows are backed by "no-see-um" proof netting that keeps out the smallest insects. Interior net pockets help you keep small items organized. The fabric is fire-retardent nylon with urethene coated floors, sidewalls, and rainfly. The colors are muted shades of beige and yellow. The vestibule fly available with both the Eave II and III attaches to the tent easily without extra pegs. The contoured shape of the fly and the wind shedding vestibule increase the tent's stability in the wind. The vestibule is large enough to accomodate your packs and muddy boots. Your equipment is kept dry — but outside the tent floor. Since these tents go up in less that five minutes (including the fly) they provide quick, secure protection from the elements.

EAVE II

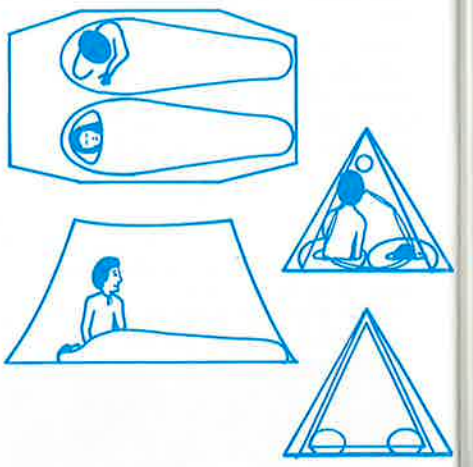


EAVE III



MOSS EAVE II. Light enough for a one person tent. This tent offers an ideal combination of lightweight, roominess and high-mountain sturdiness. This tent has ample room for two people and all their gear. Weight: tent, rainfly, poles, pegs, and stuffsack; 6 lbs. 10 oz. Price $190.00

TRAILWISE FITZROY III



This unique self-supporting "A" frame tent can be pitched with four corner-stakes and no guy lines to trip over. Simply peg down the four corners to anchor the tent and the pole placement balances the stress so that the tent is stable without guy lines under most conditions (under extreme wind the tent should be guyed out for extra stability). The shape of the Fitzroy combined with its self-standing construction makes it unusually commodious for its size and weight. The Fitzroy has a triangular entrance with a covered coil zipper at one end and a tunnel storm-door at the rear. A tunnel vent is provided on the back panel. Entrances and vent are backed with netting. Shock-corded aluminum poles pass through nylon sleeves and fasten to peak fittings. Fabric is flame resistant 1.9 oz. Rip-stop. End panels and floor are coated waterproof nylon (floor extends 11″ up sides). Color: blue or green with gold floor and rainfly. Complete with poles, rainfly, pegs, stuffsack and seam sealant. Wt. 8 lbs. 5 oz. Price $215.00

Extra Poles (per set) 1 lbs. 12 oz. Price $22.50

GUY LINE TIGHTENER. A small triangular slider, easily adjustable, which locks tent or tarp lines. 3/16″ dia. holes; for parachute cord or similar line. Wt. 1/4 oz. Price $ .15

DURALUMIN PEGS. Round pegs. 7″ long. Wt. 1/2 oz. $ .15

ANGLE SNOW PEG. High quality aircraft aluminum snow peg made especially for The Ski Hut. "V" shaped and 10″ long with a hole punched 2″ from the top. Wt. 1 1/2 oz. Price $ .75

THE SKI HUT RETAIL STORES

Our two retail stores carry all the items in this catalog, plus a variety of other merchandise for your outdoor needs. We always welcome your visit to our original store in Berkeley, or our new store in Palo Alto. When in the San Francisco area, feel free to come in and browse — we enjoy meeting our mail-order customers in person.

When you stop in to see us you will find, in addition to the summer items in the catalog, a selection of running shoes for men and women, and a variety of light-weight running clothing. Our boating department, which features kayaks and inflatable boats, is one of the largest in Northern California. We also stock an extensive selection of outdoor books, guide books, and topographic maps.

As a service to our traveling customers and beginning backpackers, both our stores offer a select group of backpacking equipment for rent. Most of the tents and packs, and some of the sleeping bags offered in our catalog are available for testing through the store rental departments.

The Ski Hut and Trailwise, our sister corporation, are proud of their position of continuing leadership in supplying the increasing demand for high-quality outdoor equipment. Considerable thought, experience, and care go into all the items we offer in our catalog, from Trailwise or from other manufacturers. New designs are field-tested by our own staff and by friends with additional knowledge and experience in thoroughly evaluating any given piece of equipment. We all take pride in the quality of the merchandise we offer our best friends — our customers.

ZEISS 8x20 MINI BINOCULAR

The incredible Zeiss Minis may be the best value in a binocular you will ever find. This pair of binoculars is miniature in everything but performance. It delivers all the brilliance, contrast, image quality and resolution you expect from larger instruments. All of these qualities are packaged in a small case light enough to please even the most weight-conscious backpackers. *Backpacker Magazine* gave these binoculars their staff's highest rating. The center-focusing style has rubber eye cups that fold out of the way if you wear glasses giving the correct adjustment for your eyes either way. Waterproof, shock proof, life-time guarantee. Weight with case 5¾ oz. Price $279.00

ZEISS 8x30 BINOCULAR

If it's worth looking at, it's worth looking at carefully, and Zeiss offers the finest binoculars for looking carefully that we have found. If you are a birdwatcher, you can pick out the smallest details with accuracy using a Zeiss. These binoculars, the culmination of Zeiss' 130 year tradition of excellence, do more than enlarge. They give you a clear, undistorted image across the full width of the lens and capture the colors accurately. The foldable eye cups allow you to wear your glasses while using the binoculars. Lifetime guarantee, waterproof, shock-proof. Weight with case 18 oz. Price $599.00
